- Bachelor of computer Application
- Percentage: 59.36 %

PROFILE

A highly consistent and results-oriented entry-level Full Stack Developer with 6 months of experience in developing and implementing innovative solutions. Proficient in collaborating with cross-functional teams to achieve project goals, with a strong ability to build scalable web designs and identify opportunities to enhance user engagement.

WORK EXPERIENCE

Prodeasy Pvt. Ltd.   DEC 2023 - JUN 2024
Associate Developer
- Developed app integrations using REST APIs for artifacts, epics, features, and other services.
- Authored code fixes and enhancements for inclusion in future code releases.
- Managed and optimized databases based on raw data requirements.
- Designed, developed, and maintained a fully functional platform, including database and server components.
- Tested and resolved bugs and other coding issues to ensure functionality and performance.

INTERNSHIPS

BSNL   AUG 2023 - SEPT 2023
Database Engineer
- Optimized the database in a Customer Relationship Management (CRM) system.
- Enhanced data usability and reduced processing time to improve overall system efficiency

PROJECTS

CodeX Editor

- Developing an editor using Angular.
- Gained proficiency in key concepts such as components, modules, shared services, routing, lazy loading, and directives.
- Implementing essential features required in code editors.
- Divided the project into logical parts: left panel, right panel, header, center, and footer, creating individual components for each section and integrating them to complete the project.
- Utilizing SCSS in the project to create reusable styles

ATM Simulation Machine

- Developed an application using Java.
- Implemented functionalities for depositing cash, transferring money between accounts, withdrawing cash, and balance inquiries.

Tours & Travel Website

- Developed a dynamic and responsive application using JavaScript.
- Designed functionality to allow users to enroll and review countries they want to visit.
- Enabled users to make payments, after which their flights, accommodations, and other travel arrangements are booked seamlessly.
